The Heating Specialists

RADIANT COMMERCIAL INDOOR/OUTDOOR HEATING

Radiant heaters use the oldest form of heating known to man. Just as the sun's rays heat the earth, so our radiant heaters use this same method of heating objects (people, buildings etc) rather than the air between them for effective performance.

FEATURES

- Instant Heat No Waiting Around For The Heat To Be Experienced & Cutting The Cost Of Heating Overall.
- Highly Efficient – Heats People/Objects Not Air
- Silent Running; With No Moving Parts, The Heaters Are Silent When Operating, Making Them Perfect Where Noise Would Otherwise Be A Problem.
- Low Running Cost; With A Highly Focused Beam Of Heat, These Heaters Allow You To Select Fewer Heaters, But Place Them Exactly Where The Heating Need Is –Cutting Capital Costs.
- Adjustable Mounting Bracket
- Ruby Red Quartzray Glow Elements
- 12 Month Warranty

QXD 3000

- This Radiant Heater Transmits Short Wave Infra-red Energy That Is Converted Into Heat, With Temperatures Approaching 2,200 Degrees Celsius, That Is Absorbed By Those Around.
- The Heaters Can Be Mounted Inside To Give A Localised "Zone" Of Heat.
- This 3kw Model Is Well Suited For Zone Heating Or Where Building Insulation Is Limited.

QXD CONSTRUCTION

- Ruby Sleeved Halogen Lamp With Tungsten Element
- Specular Quality Electrochemically Brightened Aluminium (Purity 99%+) Reflector
- Powder Coated Steel Finished In High Temperature Matt Black
